12/14/2021 12:40:05Webb, Justin [15] Webb1688 - PD spoke with the subject who was upset about not being able
to visit his wife; he provided paperwork about some recently passed legislation which allows visitation despite hospital
policy.....The subject was also upset about the quality of care his wife was receiving.....There was no offense and the
subject was advised to contact an outside doctor who can chat with the MCP doctors about his wife's care and treatment
along with contacting his state legislators about the visitation policy being unconstitutional or not.....MCP security did not
want to issue a trespass warning and the subject left.
