

I have a
**STRONG
ROBUST
IMMUNE**
system

SAY NO BECAUSE

**It's still
EXPERIMENTAL**

**Over 1,400,000
Covid vaccine
injuries reported
to VAERS**

**The RISKS outweigh
the benefits**

MOM! DAD! DID YOU KNOW?

- ☐ 1. **OVER 30,000 DEATHS REPORTED** to VAERS after the Covid-19 Vaccine. <https://www.openvaers.com/covid-data>
- ☐ 2. Youth have an **EXTREMELY LOW FATALITY RATE** from Covid and proven to **NOT** be **ASYMPTOMATIC VECTORS**.
- ☐ 3. Covid vaccines used in clinics are **STILL ONLY EUA**. EUA by definition means **EXPERIMENTAL** and **CAN NOT BE MANDATED**.
- ☐ 4. The Covid-19 Pfizer vaccine used on our children **DOES NOT COMPLETE TRIALS UNTIL 2023**.
- ☐ 5. There are **NO LONG TERM STUDIES** on humans using mRNA technology in vaccines.
- ☐ 6. Since the "1986 Act", **VACCINE MANUFACTURERS ARE NOT LIABLE FOR ANY INJURIES**. The RISK is on you.
- ☐ 7. **PRIVATE CHOICE** between you and your family. Medical Mandates support **DISCRIMINATION AND SEGREGATION**.
- ☐ 8. Injuries rising in children after the Covid vaccine include **BLOOD CLOTS, HEART INFLAMMATION** and **FERTILITY ISSUES**.
- ☐ 9. Parents have the right to submit a **PERSONAL BELIEF EXEMPTION**. CA Health and Safety Code 120338.
- ☐ 10. Schools do not have legal authority to mandate a vaccine. **HOLD THE LINE FOR YOUR KIDS, DO NOT FALL FOR THE BARK!**
- ☒ Empower yourself by taking the time to learn the risks for your child
