Harding University	AR	Q	https://www.harding.edu/covid	*T: Gateway testing (as students arrive to campus at the start of a semester). Surveillance testing (is the regular, every-two-weeks testing that may continue throughout the academic year). At move-in, students without proof of vaccination will take a PCR test ("gateway testing". Students who are not vaccinated upon arrival should be prepared to quarantine in their living space until their test results are received (usually about 24 hours). Without a documented medical or religious reason for a student to be unvaccinated, that student will be required to undergo gateway testing and regular surveillance testing at their own cost. The total cost is \$1400 per academic year.

Entry testing will be conducted on move-in days. Students will not be required to quarantine while awaiting results. Commuter students will need to come to campus on one of the move-in dates to participate in entry testing. Surveillance Testing throughout the fall semester. If the random 40 selected community participants do not participate in testing and do not reschedule, they will face disciplinary action.
